Are you Prepared for Changes in Privacy Legislation?

[Jan Lambrechts and David Moodie](#) [2]

Tue, 28 Jan 2014 - 12:30pm AEDT

Jan Lambrechts

David Moodie

eDiscovery and Privacy Specialist, Information Lifecycle Governance
SMS Management & Technology

Jan Lambrechts is an accomplished legal technologist with over 14 years' experience in a number of top tier Australian law firms including Herbert Smith Freehills and Clayton Utz. As a Consultant he has assisted customers with developing strategies for management of electronic information, collection of content and analysing large volumes of unstructured data. Jan has specific expertise in conducting privacy assessments for organisations and agencies, advising on the initiatives that can be implemented to ensure compliance with the new Australian Privacy Principles.

Director, Telecommunications, Clients & Markets
SMS Management & Technology

With over 20 years' experience in strategy development, project office management and change management, David has successfully led major programs, cultural change projects and deployments in a number of industries including Telecommunications, Insurance, Government and Fast moving Consumer Goods. David has a broad breadth and depth of experience in the Telecommunications space and is the Director of the SMS Telecommunications industry space as well as Clients and Markets.
