#### **SMEs need a louder voice in telco debate, says Gerrand**

Peter Gerrand, a trenchant critic of Australia's current telecommunications regime, says Australia's small and medium enterprises (SMEs) are underrepresented in debates about telecoms issues.

#### **Macquarie Government wants greater focus on cybersecurity capabilities**

Macquarie Government has called on the Australian Government to give greater focus to building critical sovereign capabilities in cybersecurity and IT to keep Australia competitive.

#### **Govt should stop misleading people over website blocks**

OPINION: The loud noise that the Federal Government is making over blocking websites that host videos with terrorist content is a futile attempt to show that it is doing "something" to prevent abhorrent material like the video of the Christchurch massacre from being accessible to people in Australia.

#### **Vault inks multi-year Singapore purchase deal with M1**

Australian-listed risk and safety technology vendor VaultIntelligence has announced the signing of an agreement for the purchase of Vault Solo subscriptions by Singapore communications provider M1.
