Australian Software Defined Networking Meet-up

Presented by Dr Karina Gomez Chavez - RMIT

Wednesday, 21st September 2016

This is a FREE RMIT public event.

[1]

★ 99 [2]

This event is fully booked or has passed.

Dr Karina Gomez Chavez will be presenting about how an RMIT course is teaching students about Software Defined Networking (SDN) technologies using the Zodiac board from Northbound Pty Ltd. There will also be an opportunity for discussion about the RMIT SDN testbed, which provides a connection to eight other universities and CSIRO for testing new services and applications.

This is an RMIT University event advertised for the interest of TelSoc members.

Date and Time

Wed, 21 Sep 2016

17:30 - 19:00 AEST

Location

RMIT Engineering - Building 12, Level 12, Room 32
376 Swanston Street
Melbourne VIC 3000
Australia

Presenter(s)

Dr Karina Gomez Chavez

Dr Karina Gomez Chavez is a Lecturer in Network Engineering in the School of Engineering at RMIT University. Karina's interests include Software Defined Networking, wireless networks and 5G.
