★ 72 [2]

Some of you may have difficulty reading HTML emails from TelSoc - we are looking into this. For that reason, I am sending this reminder in plain text.

TelSoc has decided after much deliberation and feedback that we must focus back on serving Financial Members.

We will retain the category "Guest Members" for new people joining for three months, after which time they must become Financial Members or the account becomes inactive.

Existing Guest Members will have until the end of September to decide.

Please take a few minutes to renew your TelSoc Membership.

We now have three different attractive ways to pay.

Check them out here:

Type "TelSoc.org" into your browser. Choose "Renew Membership" on the front page. Follow the prompts.

(You will be asked to Login, if you've forgotten the password, choose that option - any problems contact me, Tim Herring: "treasurer@telsoc.org" [3])

TelSoc exists to maximise the effectiveness of telecommunications in Australia. Help us achieve that.

Learning, networking, new products, lobbying, access to information - that's what you get from us.

Best regards,  
Tim Herring, Executive Director, TelSoc

If you would rather not be on this list, email me (Tim Herring: [treasurer@telsoc.org](mailto:treasurer@telsoc.org) <sup>[3]</sup>) and I will remove you.
