The TelSoc Annual General Meeting is scheduled for **Thursday 29th October**. It will take place between 12:00 and 1:30pm online via Zoom.

I am pleased to say we have an interesting speaker:

The speaker at the AGM is **Associate Professor Mark Gregory, Managing Editor of TelSoc's Journal of Telecommunications and the Digital Economy**. Mark's talk will provide an update on the Journal and excellent news about its recent ranking by Scopus and a **brief review of the state of the Australian Telecommunications Market**. Dr Gregory is an expert on broadband, telecommunications and security and appears regularly on radio and TV as well as writing many thought-provoking articles published in the media.

Please make a special effort to join what will be TelSoc's first AGM conducted 100% remotely. (The Victorian Associations Incorporation Reform Act 2012 permits a quorum and voting to be established by technological means).

We will be conducting the AGM first (at 12 noon) including election of the board, please join a few minutes early for registration (Financial Members only!). Please note the [3]Board Nomination Form is awaiting [3]!

But, you don't have to become a Board Member to volunteer to assist with lectures, blogging, networking events, etc.

Any TelSoc Member interested, please contact me: tim.herring@telsoc.org ^[4] or 04 1733 9883
