This event is fully booked or has passed.

---

Early adopters have found the general case for cloud computing is clear; it's better, faster, less risky and less costly than doing it in house. But is it ready for the main stream business user and consumer?

Learn from an expert industry panel including a leading academic, an industry research director and a global vendor chief technologist. Through their latest research, case studies and analysis there will be a focus on cloud strategy development, procurement, deployment and the key pitfalls.

#### **Date and Time**

Thu, 18 Oct 2012

07:00 - 09:00 AEDT

#### **Location**

---

## Presenter(s)

Dr Rajkumar Buyya

Sundar Iyer

Dr Steve Hodgkinson

Janis Floyd
