A 5G Workshop being held in conjunction with ITNAC (International Telecommunication Networks and Applications Conference)

The 5G Workshop is scheduled for 30 November 2023, 16.30-18.00 (4:30PM-6PM) on **Level 6, Building 16 (Storey Hall) at RMIT University on Swanston St near La Trobe Street.**

The workshop will include a demonstration of a portable 5G system that includes:

- Supports 4G and 5G Standalone (SA)
- 5G Non-Standalone (NSA) support with optional additional radio
- Supports all sub-6 GHz frequency bands in TDD and FDD
- Supports LTE-M
- Integrates 4G and 5G Firecell Core & RAN
- Smartphone with SIM included
- O-RAN split 7.2 compatible via SFP+ port

If you wish to combine the Workshop with attendance at the ITNAC Conference Dinner (recommended), please book at [5G Workshop and IEEE ITNAC 2023 Dinner Tickets](#), Thu 30/11/2023 at 4:30 pm | Eventbrite ^[4] .
