

G+D invite you to join us for an exclusive Briefing.

G+D Australia is delighted to announce that Dr. Christian Schlaeger, Head of Cyber Security, G+D Mobile Security Division, will be visiting Sydney and Melbourne during the week of 26th March 2018. Dr. Christian Schlaeger is the Global Head of the Cyber Security Product and Service portfolio for G+D's financial, MNO, enterprise, industrial and critical infrastructure customers. In his role, Christian is responsible for the creation of G+D's industry leading solutions and services including digital identity, access and authentication management as well as IoT and Industry 4.0.

Christian also recently participated at the **Mobile World Congress** in Barcelona and will offer the latest insights on innovation and emerging trends, particularly in relation to the **connected consumer, digital transformation and cyber security** related challenges and opportunities.

Christian has over 12 years of global experience in manufacturing, telco, automotive, insurance and security industries. Before joining G+D Christian was Senior Vice President at Metafinanz, a subsidiary of Allianz Insurance and lead the creation of the VW, Bayer, BASF and Allianz security service joint venture DCSO in Berlin. Prior to Allianz, Christian worked in IT transformation projects for SwissLife in Zurich and as a Manager for EY's security advisory practice with global clients from a broad and diverse portfolio of industries.
